I just wish I could tell you what a good time Bettie and Jennie had with you. They just talk about it. when they came home they looked like younger people, then the next day they went to Wilkes Barre with Lillie Fine in her Car so they had quite a time you see. Well to day I cut the grass the yard looks fine the forgetmenots at the base of the sundial and the red bean in full bloom. the larkspur in bloom again and not as tall as it was before it has done fine and looks so green, well good night and love to you both
